

# University of Gondar

at Addis Continental Institute of Public Health  
Addis Ababa, Ethiopia

The University of Gondar, Institute of Public Health, in collaboration with ACIPH has pioneered an innovative approach for expanding opportunities for graduate level training in public health in Ethiopia since 2007. Cognizant of the national demand for specific MPH specialty tracks and PhD level training, UoG is now calling for applicants in the tracks specified below. The training will be at ACIPH training facilities in Addis Ababa.

Master in Public Health (MPH) in specialty tracks:

- Clinical Epidemiology
- Reproductive health
- Health Economics
- Monitoring and Evaluation
- Human Nutrition
- Health informatics

Application accepted to November 2, 2017. Entrance Exam for MPH tracks will be given at ACIPH in Addis Ababa on December 2, 2017. PhD applicants will be short listed and will be required to present their research concept note and participate in face-to-face interviews. Applicants MUST fulfill all requirements to join postgraduate training at the University of Gondar. Application forms and instructions are available at ACIPH website. Completed application shall be submitted to ACIPH registrar as per the instructions.

**Application fee for MPH in Specialty tracks is Birr 500 and for PhD in Public Health Program Birr 1000.**
